600-Foot Dock, New Warehouse **Planned**

Major improvements are planned at the TH-GUY Regional Port District port here if there is favorable Illinois House action on Senate Bill 1243, which passed the Senate on Monday. The bill appropriates SI million to the Illinois Department of Business and Economic Development for awarding of matching grants to the 11 Illinois port districts. The grants could be used to construct facilities for waterborne commerce.

To Cut Anticipation
The Venice Park Board will meet in special session at the Park Building in Venice to adopt a resolution authorizing sale of \$11,000 in anticipation sale of \$11,000 in anticipation warrants. The board previous-ly adopted an authorization for sale of \$15,000 in warrants, but because of reduced valuations will revise the amount down-ward.

ward.

Harry Hartman, board attorney, said the extent of anticipation is based on a percentage of the district's assessed valuation. Assessment losses in the district for the 1970 year consequently required the revision.

But they are far different than the common cold in their severity, especially when untreated or inadequately treated. They have literally ruined the lives of countless Americans. His concluding warning and advice, paralleling the recommendations of the American Social Health Association:

If one is old enough to get such a disease, one is mature enough to discuss it with his physician, who is not there to judge or punish but to help and cure.

A cure can be achieved by the doctor, but the individual and only the individual can help the doctor do this.

"A cure can be achieved by the doctor, but the individual and nolly the individual can help the doctor do this.

"Only a physician can treat the individual. And only through blood tests and cultures can it be determined whether treatment is needed. Absence of symptoms is not proof of absence of the disease."

likely to grow as the needs of private senous are documented in greater detail in the coming years.

Principal concern relates to whether adequate guidelines have been provided to assure that waste is avoided and substantial educations are given in all schools receiving taxpayers money. It would be unfortunate if new schools proliferated throughout the state to serve questionable objectives or merely to get in on the monetary distribution.

The state superintendent, attorney general, governor, legislature and courts ought to review the measures which have been adopted and initiate whatever additional rules, legislation or interpretations seem fair and appropriate.

Ruling Paves Way for Fall State Legislative Session

(Springfield Scene)
Attorney General William Scott has delivered an opinion to legislative leaders confirming that the 77th General Asembly is a continuous body under the new constitution and can recess its work and resume again in the fall if it wishes.

wishes.

The decision is important, since literally hundreds of bills have already been deferred for further action until fall, and many more are being held over every day.

every day.

The opinion was in response to question sent to the Attorney General from Sen. Terrel E. Clarke, assistant Senate minority leader:
"Is the 77th General Assembly terminated on the day the 1970 constitution tables effect, July 1, 1971, or does Section 9
